SUMMARY

First-year Engineering Student at ENSEEIHT (N7) specializing in Electronics, Electrical Energy, and Automation (3EA), with a background in intensive preparatory classes (PCSI/PSI). Seeking a 6-to-8-week technical internship role starting June 2027.*

EDUCATION

Master of Science in Engineering – Electronics, Electrical Energy & Automation, ENSEEIHT

Toulouse, France
Septembre 2026 - Present

Preparatory Classes for Top Engineering Schools (CPGE) – PCSI / PSI*

Highly selective 2-year preparation for national competitive entrance exams to top engineering schools.
Majors: Mathematics, Physics & Engineering Sciences
Lycée Déodat de Séverac, Toulouse, France
Septembre 2024 - July 2026

French High School Diploma (Baccalauréat) - Highest Honors (Mention Très Bien)

Majors: Mathematics & Physics - Chemistry
Lycée Nelson Mandela, Pibrac, France
Septembre 2021 - July 2024

TECHNICAL PROJECTS

Modular "Snake" Game Development (Academic Lab Project - ENSEEIHT)

- Applied top-down design methodology to decompose complex logic into functional sub-programs
- Programmed the application in C language

Automatic Guitar Tuner Development (Preparatory Classes project)

- Integrated and configured a Raspberry Pi 3 A+ single-board computerfor data acquisition and signal processing
- Captured live audio string signals, applied filtering techniques, and implemented Fast Fourier Transform (FFT) algorithms using Python and Scilab to extract fundamental frequencies
- Modeled and programmed a closed-loop control system to command a servomotor responsible for automated string tension adjustments.

Autonomous Mobile Robot Design (Engineering Sciences Project in Highschool)

- Programmed obstacle avoidance and navigation algorithms
- Selected mechanical/electronic components and assembled the robot

SKILLS

- **IT & Programming:** Python, C, Scilab
- **Embedded Systems & Hardware:** Laboratory instruments, Raspberry Pi
- **Automation & Signal Processing**: Signal processing and analysis, feedback control systems
- **Languages:** French (Native), English (C1 level), Chinese (HSK1 - currently learning)
- **Certifications & Licences:** Driver's License (Permis B), Boating License (Permis Côtier), National Lifesaving and Water Safety Certificate (BNSSA), Level 1 First Aid in Team (PSE1)

WORK EXPERIENCE

Waiter - Fraya Restaurant, Vannes, France

July 2024 - August 2024

- Customer Service & Relations: Welcomed guests, took orders, and ensured efficient dining room service
- Teamwork & Communication: Coordinated smoothly with kitchen staff and floor team during high - volume shifts

INTERESTS

- Aeronautics & Aerospace
- **Sport:** Rugby (ENSEEIHT team), Swimming, Climbing
- **Musique:** Piano (practiced for 10 years)
